

Planning an event?

Order **chicken or turkey** dishes instead of beef or lamb.

Request **self-serve platters and trays** instead of boxed lunches.

Consider **vegetarian and vegan** meal options.

Consider restaurants with **locally grown** ingredients.

Order drinks in **bulk containers** as opposed to individual bottles or cans.

Ask attendees to bring their own **reusable serviceware**.

Remember to order **recycling bins** in addition to garbage bins through Caltech Facilities when planning events.

Help **eliminate food waste** by emailing caltech_gleaning@caltech.edu with leftover food from events.
